

Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Saturday 27 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Sunny start then increasing cloud today, but staying dry.

Today:

After a chilly but largely sunny start cloud will develop through today, but still there will be sunny spells, especially this morning to early afternoon.

Temperatures will be close to normal, and it will feel pleasant in the sunshine.

Maximum temperature 11 deg C (52 deg F).

Tonight:

Clear spells then becoming cloudy overnight with outbreaks of rain arriving later, these mainly to western and northern areas. It will become breezy inland, and windy along the south coast. Minimum temperature 5 deg C (41 deg F).

Sunday:

Cloudy, with outbreaks of rain at first but soon becoming dry. Some sunny spells will develop through the afternoon, with many southeastern areas becoming sunny. Rather mild and breezy. Maximum temperature 13 deg C (55 deg F).

Outlook for Monday to Wednesday:

Monday cloudy start then largely sunny conditions developing. Staying dry and mostly sunny Tuesday and Wednesday. Light winds, becoming warm or very warm away from the coast.
